Mrs. Kennedy Thanks 800,000 For Messages

55th Year, No. 266

WASHINGTON (AP) - Mrs. John F. Kennedy told the nation of her grief and of the comfort she gained from the thousands of messages after her husband's assassination.

"Whenever I can bear to, I read them," she said, her eyes shining with tears, then murmured: "All his bright light gone from the world."

The former first lady expressed the thanks of herself and her children for the 800,000 messages of tribute and condolence in a statement broadcast on radio and television Tuesday from the office of her brother-in-law, Atty. Gen. Robert F. Kennedy.

Clad in black and sitting before a blazing fireplace, Mrs. Kennedy said the "knowledge of the affection in which my husband was held by all of you has sustained me, and the warmth of these tributes is something I shall never forget."

In a voice so low it was barely audible to those around her, the president's 34-year-old widow declared that "all of you who have written to me know how much we all loved him and that he returned that love in full measure.'

She said it is her greatest wish to acknowledge all the letters, even though "it will take a long time.'

be treasured not only for my children but so that future gen- and crashd his private plane offices were moved eight years nations thought of him."

The letters thus will be placed nedy library to be erected in Boston-a library which she hopes will become "a living center of study of the times in which he lived."

Discussions To Be Held Later PANAMA (AP)-The United States and Panama agreed to day to re-establish diplomatic relations "as quickly as possible" and to open discussions 30 days after resumption of relations on all issues between the

Canal Treaty

two countries. The agreement did not specifically mention the treaty giving the United States control of the Panama Canal Zone, which Panama wants revised. But its language made clear this would be among the issues to be dis-

Panamanian President Roberto Chiari's press officer, Fabian Velarde, said his government would wait awhile, perhaps a week, "to let things cool off" before resuming relations with the United States.

Costa Rica Assists

He said Panama then would ask a third government to advise Washington of the desire to restore relations, which Chiari broke off at the height of the crisis last weekend. The intermediary is expected to be Costa Rica, which was named to handle Panama's affairs in

Washington during the break. The agreement was reached by Edwin M. Martin, President Johnson's special envoy, and Panamanian Foreign Minister Galileo Solis, meeting with the peace committee of the Organization of American States. Martin, Solis and the OAS group had been negotiating since Sun-

School Budget Confronted By Rising Costs

reports to the board of educa- students. tion, the board indicated in meeting last night.

of the school board, said the in-ment of two 60-passenger busformation and recommendations of the committees must be received by that time if it is to aid the board in making decisions for the 1964-65 school

"The big item in the budget is teachers' salaries," said Arol 000 for transportation includes Beck, chairman of the board's budget and salary committee. He reported that several meetings had been held with the salary committee of the teachers' Michigan Education Association local and that further meetings are planned.

Salaries And Buses

"It is obvious to anyone who knows anything about school budgets that if we are to do anything for the teachers next year we will have to 1-Have more dollars, or 2-Curtail the school program to effect ways of saving to provide more money for salaries, or 3-Go into deficit financing." Beck said.

The board received a pre- in the Senior High building.

finance and curriculum for the ginning next fall, under state Escanaba Area Public Schools law, public school districts will have until early April to must provide transportation for complete their studies and make private as well as public school

Transportation Costs

Dr. William Hemes, president is recommending the replacees that are worn out; and to meet the needs of total transportation both public and private to add three buses to the fleet - two 60-passenger and one 73-passenger.

The budget increase of \$20,-\$15,600 for the three buses and

their operation, Manning said. The increasing costs for transportation will be offset to some degree by economies instituted earlier this year. Bus operation and maintenance was centralized earlier this year. Bus operation and maintenance was centralized and a gas pump was installed that reduces cost of gas per gallon to the district from 18 cents to 12 cents, said Lawrence Klug, transportation director. The district will use about 40,000 gallons of gasoline this year.

Need Classrooms

The one other alternative "is Further reduction in transto do nothing on teachers' sal- portation cost could be effected aries," he added. In fairness to if the voters of the district teachers and to the board the would approve elementary recommendations on budget school building improvements, and salary should be made said Supt. Cigarettes And Health

The Federal Government's report on the relationship of cigarette smoking and health is a devastating comment, but first reaction to the warning and the history of earlier such warnings indicate that Americans aren't going to push the panic button and swear off in great numbers.

England went through a similar experience earlier, with gathering medical evidence indicating that heavy cigarette smokers had a much higher incidence of lung disease than did nonsmokers or light smokers. But after a 12 per cent drop off in cigarette sales there, they bounced back and are now at their old level.

Something of the same sort is indicated for Amer-Health officials here express belief that the warning will cause persons who wanted to quit smoking anyway to give it up, and that many will experiment with tapering off and with abstention, but that where the habit is strong there will be a return to it.

As with years of preachment for automobile safety, says Dr. Mary Cretens, head of the Delta Menominee Health Department. Americans believe that lung cancer won't happen to them because of heavy cigarette smoking. So they rationalize that grandpa smoked until he was 97 and set his bed afire 7 times, but finally died of a fall down a well while dancing a maypole.

The evidence, however, is now damning. If persons want to avoid lung disease, they will certainly heed the counsel of the medical profession, which has made a long study of the relationship of smoking and lung cancer. A committee created by the surgeon general did no new research but its digest of the existing data is overwhelming, though purely statistical.

The 14 month study found that cigarette smoking is causally related to lung cancer in men; the magnitude of the effect of cigarette smoking far outweighing all other factors bearing on the disease. The data for women, though less extensive, point in the same direc-

The Federal Government, having performed a proper function of warning people against a health hazard, now faces decision about what to do to implement the warning. (A Texas town already has adopted an ordinance prohibiting the sale of cigarettes.) Most of the leg- ably caused some consterna- and said: islative reaction will probably aim at protection of the tion when he noted that al- "I'll give you the same an- I don't care much if we get young from the health perils of cigarette smoking and though he himself had never swer my father once used in your paper any more since you it is here that the early emphases on prevention are gathering strength.

kind in the world. (AP Photo)

Car Sales Are Ahead Of 1963

DETROIT (AP)-Car makers Tuesday reported 10-day January sales generally above those for the same period last year.

Most said their sales for the first 10 days of the New Year were considerably higher. Some reported record figures.

Chrysler said it sold 18,877 cumulated wisdom in fisheries where he rose to the rank of new cars as against 18,046 for work with the retirement of Al- lieutenant colonel and was on the same period last year. The company said its sales of Plymouth cars were 11,612, a 4 per cent increase.

He became assistant chief of Pontiac and Oldsmobile divisions of General Motors Corp. moved up to chief when he sucreported increases though Chevrolet was down. Pontiac said its sales of Pon-

tiacs and Tempests were a rec-

gram for fishermen. His theory ord—a total of 15,718 compared with the previous record of good if the fishermen couldn't 14,126 set last year. Oldsmobile also reported rec-Cook plans to travel following ord sales of 13,780, an increase of more than 8 per cent over

the prior 1956 record. Chevrolet sold 49,287, compared with 55,311 for the first 10 days of 1963

Chevrolet said its truck sales The rambling, frame colonial were 11,683, compared with

> in the division's history. Both its passenger car and

truck sales showed gains, the division said. Car sales were given as 38,144, up more than 2,500 units over last year, and truck sales 9,315, up nearly 700. The Ford division said its sales of the

Thunderbird car increased 60 per cent. Ford's Lincoln-Mercury Divi-Dusenberg auto, most powerful sion said its sales of Comets, in America a quarter-century Lincoln Continentals and Merago, may be revived as a curys were 7,875, or 5 per cent limited production, high per- above last year and the highest for the period since 1955.

"My French teacher praised my pronunciation today. She didn't know I have a cold!"

If you're more interested in BARGAINS, than all the hoopla and trimmings, we think you'll find this the most profitable sale you have ever attended! Normally, each year after we complete our inventory, we hold a big warehouse sale that requires a great deal of expense in renovation and setting up displays in the warehouse! But this year we're offering this merchandise in a simple, straightforward way that anyone with a sharp eye for Bargains is sure to appreciate! We have presented this merchandise here

as it appears on our inventory stock lists! Briefly described with the quantity!

As you can see the prices have been reduced spectacularly more than normal, even for a Sale of this kind, because we are able to save the expense of a Big Warehouse Sale! You will not be asked to come to our dusty warehouse! We moved this merchandise to Our Store . . . The floors will be crowded, but a lot more comfortable and convenient for you! You won't want to

miss this sale, or any of these Bargains, so please come early!

one. Castro is a close-up menace showdown that was tough on everybody's nervous system. Room To Maneuver

> The fact that Castro could kick the American shins, and get away with it, may have been an inspiration to the Panamanians to assert themselves In an earlier time-say the of Theodore Roosevelt,

which was a time of big-power imperialism—the United States might have settled Castro's hash fast with a quick and direct

But now the United States and the Soviet Union, also, insisting they have no imperialistic intentions, have to worry about world opinion, which they are trying to influence, when they deal with little nations.

Thus both of them, big as they are, have to operate with one hand tied behind their backs when they encounter troublemakers, although the Soviets used both hands to crush Hungarians when they tried to assert themselves

This gives Castro a lot of room to maneuver and shake his fist, which he has been doing pretty well, without fear of being belted. There's nothing in sight to indicate it won't be that way for some time.

Ann Arbor Line To Modernize

tion and improvement of Ann Arbor Railroad facilities along Lake Michigan are planned by the Detroit, Toledo and Ironton Railroad which purchased the Ann Arbor line last October.

Details were outlined by D.G. West, DT-I general industrial agent, at a Benzie Soil Conservation District meeting here. The Ann Arbor covered a 300-

stretch between Toledo, Ohio, and Frankfort, Mich. It also operated a fleet of Lake Michigan carferries reaching into the Upper Peninsula and Since the purchase, West said,

his firm has coordinated train and boat schedules, built two fuel storage tanks of 7.4 million gallons capacity at Frankfort and ordered 10 rebuilt diesel locomotives to replace or aug-Further improvements call for heavier rails, updating radio communications between carferries and their ports of call, teletype communication between all way stations and renovation of the freight yard, boat landings, terminal offices and waiting rooms at Elberta.

Vehicle Titles Reach New High

LANSING (AP)The number of motor vehicle titles issued last year hit a new high of \$1,886,615, reports the Secretary of State's office.

The total was more than 140, 000 higher than the previous record of 1,740,739 set in 1962.

Corn On The Cob

FRESH CORN is now a wintertime specialty.

By GAYNOR MODDOX

Fresh corn on the cob is rated Trenary by many as one of nature's sweetest gifts to hungry mankind. Today we don't have to go without fresh corn from the nary School will sponsor a first frost until mid-summer, dance Friday, Jan. 17 from 7:30 the way we used to. Thanks to 11 p. m. in the school gym. to scientific agriculture we can now get it during the winter months.

The new sweet corn varieties which thrive in spite of the shortened winter day have been developed with extra odist church will hold a pasty sweetness - almost too much sale Saturday, Jan. 25. Mrs sweetness when first picked. Hugo Mariin is the chairman. By the time they reach the consumer, they retain just the right and pleasing amount of sugar.

IN CREAM 6 to 8 servings)

4 tablespoons butter margar- treasurer, Debbra

11/2 teaspoons salt

½ teaspoon sugar

1/3 cup heavy cream 1/4 teaspoon ground black

pepper Pimento

Fresh parsley a skillet or saucepan. Add corn, in the study hall. This will be salt and sugar. Cover and cook a part of final exams for the 10 minutes. Add cream and cook class. Mrs. Arthur Marinello is 5 minutes. Stir in black pepper. the instructor. Cut small stars from pimento, using a star cutter and arrange over the top as desired, along with parsley.

Bread rolls best when it is This will be a permanent time extremely fresh. Bear this in for the winter months. mind when you are planning to make rolled sandwiches for Mrs. George Hager, Alger party, You'll find, too, that a County 4-H council chairman, soft bread will roll better will attend the U. P. 4-H than a loaf that produces firm Council meeting at Escanaba

School Dance The junior class of the Tre-The theme of the dance is "Frosty Whirl" and there will be a surprise guest prize.

Father Tells Boys' From Warrior Squad

To clarify any possible misunderstanding concerning the recent dismissal of Con Yagodzinski and three other players from the Marquette University basketball team, the following statements were made today by Ben Yagodzinski, father of the athlete:

"Mrs. Yagodzinski and I, along with the parents of Jim Warras attended a meeting with Coach Eddie Hickey, the boys and a Marquette representative, Fr. Naus, at the university on Monday following the announcement on Jan. 3.

"At this meeting the only violation of which the boys were guilty, as pointed out by Coach Hickey, was breaking the 1 a.m. curfew. Con missed his bed check by 40 minutes and Warras came in 10 minutes later. The boys attended a movie and stopped at a restaurant for something to eat.

"There was no question of any drinking, they were not charged with any other training violations and were not involved in any other questionable activities.

"It was brought out at the meeting that the boys might have been excused, or forgiven, if they had gone to the coach with an excuse for their tardiness, but they were not aware that any action was being taken against them.

"Before the announcement was made, the Marquette University athletic board was notified, but they in turn left the decision solely in the hands of Coach Hickey.

"The boys involved last week wrote a letter to the athletic board petitioning that the case be reconsidered. They explained they wanted simply to clear up their

names and reputations. "Contrary to any rumors or stories that have been heard, the above facts are the true picture of this situation. We feel that the minor violation of training

regulations did not warrant such severe penalty. "At our meeting with Hickey and University officials, we and the Warras parents stated that the treatment of the boys for such an unintentional breaking of a regulation was terribly unjust. But we got no satisfaction from the coach or the school officials. The coach refused to give us an explanation of his decision and even refused to listen to the players' discussing their 7:30—Merchants vs. Jaycees | side of the affair.

"As parents, we do not feel that our son should continue his education and athletic career under the Marquette coach because of the circumstances as we have stated above."

GLADSTONE

Youth Charged In Theft Case

'Terry Robitaille, 17, of 625 N. 18th St., pled guilty to a charge of larceny and was ordered to pay court costs of \$4.30, make restitution, and Loyal W. Hanson was retion, when arraigned before National Bank of Gladstone by Justice A. J. Mortier on Tues- directors at their annual meet-

Robitaille and two juvenile bank. companions were charged with Other officers elected inthe theft of four cases of emp- cluded: Eugene Noblet, vicety pop bottles from the Bittner president; William J. Noreus, Store at Carroll's Corners last cashier; and Thomas I. Davis weekend. The juvenile have and Elaine Pokenski as assisbeen turned over to the Pro- tant cashiers. bate Court.

Cub Scouts Will Play Checkers

Adult leaders of Cub Scout Pack 471 planned a checkers tournament for Cub Scouts at holders of the bank voted to their recent meeting at the James T. Jones School.

Each den will hold their own matches and the champion checker player will be determined when den champions are eliminated in the playoff tournament. A loving cup will be presented to the champion at the Blue and Gold banquet tentatively planned for Feb.

The Pack meeting will be held Saturday evening, Feb. 1, at the High School gymnasium and George Lockard will conduct an auction after the regular meeting. Cub Scout families are asked to make donations to this project. Bob Cat pins will be presented the new 571. Cub Scouts and service pins

At Coyne Chevrolet...

The Winner . . .

ing with Coyne and joining our contest.

Try us soon and make us prove what we say!

The holiday season is finally over and we can now settle down and take care of those things that we put off during the holiday rush. If buying a better used car was one of the things you've been putting off . . . Now is the time to take care of it and COYNE CHEVROLET is the place. Due to the many new Chevrolets we sold in December, we have too large an inventory in used cars. Help us cut our inventory and, at the same time. save yourself hundreds of dollars!

Van Pelt To Retire In '66

Pelt, president of Michigan Technological University, today announced plans to retire in 1966 and said that the Board of Control would begin the search for a new president immediately.

"I will reach Michigan Tech's normal retirement age of 70 in 1966. The presidency is a rugged and arduous assignment, probably more so than is generally understood. Much as I enjoy the stimulus of the challenging tasks of the presidency, I have felt for some time that the day-to-day management of the institution should be turned over to a younger man a year or two before my retirement," Dr. Van Pelt said at a faculty and staff meeting on the Houghton cam-

Appelate Court Issue Gets Into Judicial Snarl

WHITMORE LAKE (AP)-A judicial snarl seems inevitable over the issue of creation of an appelate court, Democratic State Chairman Zolton Ferency told a Washtenaw County party meeting at Whitmore Lake Tuesday night.

Ferency said it does not appear that the necessary legislation to set up an appleate court can be enacted by a two thirds vote in each house and

for the 1964 elction deadline. Ferency blamed this on Gov.

ing the Panama crisis to determine whether the new administration will make concessions when American interests are made the object of violence. "The President certainly will

have Republican support if he holds the line and doesn't yield to demands that we reassess our treaty rights," Dirksen said in an interview.

"We are in the amazing position of having a country with one-third the population of Chicago kicking us around. If we crumble in Panama, the reverberations of our actions will be felt around the world.'

The President briefed Democratic congressional leaders on the situation Tuesday.

Sen. Leverett Saltonstall of Massachusetts, chairman of the Conference of All Republican Senators, told the Senate the
